

Dear Pro-Life Supporter,

August 27, 2021

Driving one day, I saw this sign:

**“Faith over fear. Peace over panic. God over all.”**

What a powerful message for our current times!

Life is filled with ups and downs, challenges and struggles, as well as moments of joy and peace. In the midst of these times, there are reports of people having rediscovered family life! There is joy in getting to know each other again and developing a renewed and strengthened sense of family. **God always has a way of turning every situation into a blessing!** I hope you had the opportunity to enjoy some quality time with your family.

We are looking forward to planning a number of opportunities for you and your loved ones to come **together to promote a culture of acceptance of unborn children, the elderly, as well as the mentally and physically challenged.** Please check our website for details.

Thank you for your support of **Hamilton Right to Life** through your prayers and donations. As a donor and supporter, **YOU** are able to impact our community by helping to share our message of **the sanctity of life, from the unborn to the elderly.** Please join us in our mission to promote the fact that every human life has intrinsic value and should be revered and protected from conception to natural death.

Let's pray for hope, peace, love and courage so we can work together for a future filled with dignity and respect for all!

Sincerely,

Dora Giammaria  
President

**“For it is in giving that we receive.”  
-St. Francis of Assisi**

Consider your gift and the impact you can have in sharing the message of love to those who find themselves in an unwanted pregnancy with nowhere, or no one, to turn to; or those who are experiencing the effects of aging or mental health issues and are considering ending their life.

Your gift helps HRTL promote the sanctity of life in our community through promotional activities such as ads on radio, billboards, and printed materials & newspapers. Help us get the message out to our community, to make it known that every life is valued.

**Yes,** I want to help **Hamilton Right to Life** build a community of love and compassion for every life, from conception to natural death.

Here is my gift of:  \$30  \$75  \$100  \$250  Other: \$\_\_\_\_\_

I wish to give by:

- Cheque**, made payable to: “Hamilton Right to Life”  
 **Online**, please visit our website and click on “Donate Now” to give securely on Canada Helps

## Recent Development:

### Canada's Bill C-233, Sex-Selective Abortion:

Bill C-233 strived to make sex-selective abortions a criminal offence. The Bill was **defeated** in Parliament June 2, 2021. This means that an unborn child can be aborted based on their sex. With the bill being defeated it goes against the results of the polls below. Often it's girls who are unwanted and aborted.

- 84% of Canadians oppose abortions conducted on the basis of an unborn child's sex. (2019 Dart & Maru/Blue poll)
- 60% of Canadians would like to see legislation on sex-selection abortion. (2012 Angus-Reid poll)
- 100,000 unborn lives are lost to abortion each year in Canada. (Canadian Institute for Health Information, CIHI)

A friend, after having four (4) grandsons born and loving them dearly, celebrated the birth of a granddaughter. "It's a Girl!!!" Wouldn't it be wonderful if all unborn girls were loved and nurtured?

Let's keep praying and continue to speak up for those without a voice. God is good and He sees all our efforts. We pray for those involved in the culture of death and darkness to see the light.

## Recent Event:

### Canada's Bill C-7, MAID expanded (Medical Assistance in Dying):

On June 17, 2021, Online presentation, led by Teresa Hartnett, Director, Family Ministry, Diocese of Hamilton and hosted by Dora Giammaria, President, HRTL.

Teresa gave an insightful presentation on Bill C-7 that has expanded the eligibility criteria for those seeking euthanasia and assisted suicide. No longer is it required to be terminally ill. We are on a slippery slope. People who are vulnerable are at risk of being encouraged to end their lives. Since 2016, 13,000 individuals have died by lethal injection. Only 30% of Canadians have access to quality palliative care. These lives matter! **We need assisted living, not assisted death.** We must promote the dignity of life.

Please visit our website to view the recorded presentation. Let us protect life from the womb to the tomb. Life is a gift. Let's not throw it away.

**"You will feel compelled to do more to fight harder, and to dig deep within yourself for our most vulnerable in the womb."**

Abby Johnson, in support of Lila Rose, President of Live Action, author of book "Fighting for Life: Becoming a force for Change in a wounded world."

**Together let us build a culture of compassion.**
